Assignment

What is emmet?

What are the advantages of using emmet?

What is emmet?

Emmet is a free add-on for your text editor that allows you to type shortcuts that are then expanded into full pieces of code

What is the advantage of using emmet?

It allows you to type shortcuts that are then expanded into full pieces of code. By using emmet,

Developers type less, they save both on keystrokes and time. Also relying on emmet auto completion

Means fewer type and missing tags, leading to more robust and valid files.
